Students as Co-Researchers (ScR)

Students as Co-Researchers (ScR) program is a collaborative effort between the Office of Research (OR) and the Learning Institute (LI) to support students as co-researchers. The ScR program aims to promote a culture of scholarly activities amongst undergraduate students (who have completed their junior year and are starting their senior year) who are interested in pursuing their own research projects, in collaboration with a LUMS faculty member and mentors from industry/partner organizations. The funding for these projects can be used for summer research projects or SPROJs.

If you have any doubt if this is the correct form for your selected research type, please contact Office of Research before filling this form

Renewal

Resubmission

* Project Title

An End-to-end Machine Learning Based Platform to Monitor Atrial Fibrillation Patients u:

* Faculty Mentor (Name)

Dr. Muhammad Tahir

* Faculty Mentor (Employee Code) - only digits

3986

Expected Outcome

?

* Expected Deliverable(s)

Prototype

* Details of Deliverable(s)

We are aiming to design and give a prototype as the end product. More information can be found on the proposal.

Proposed Budget

?

A. Team Stipend

B. Equipment (other than the capital equipment)

Justification of Equipment

C. Consumables

Justification of Consumables

microcontrollers, Opto Electronic Sensors, heart rate monitor sensor PPG, IMU sensors, a processor for embedded, PCBs, wires, etc in quantities for testing

D. Travel (destination and purpose)

Justification of Travel

E. Miscellaneous (data, software, documentation etc.)

Justification of Miscellaneous Expenses

* Sum of All Expenses

Less External Funding

* Total Funds Required from SRP
